

Applique Technique

materials:

Wash Away Applique sheets L&T Publishing.

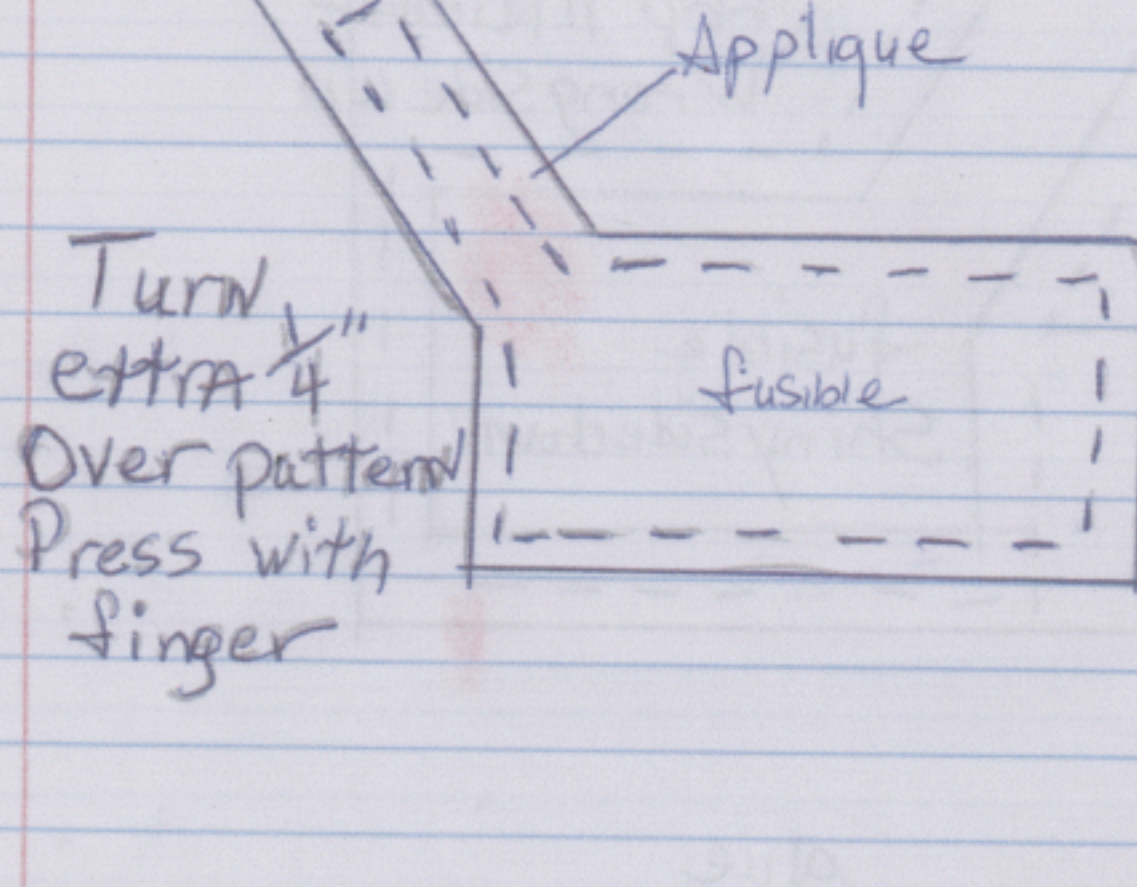

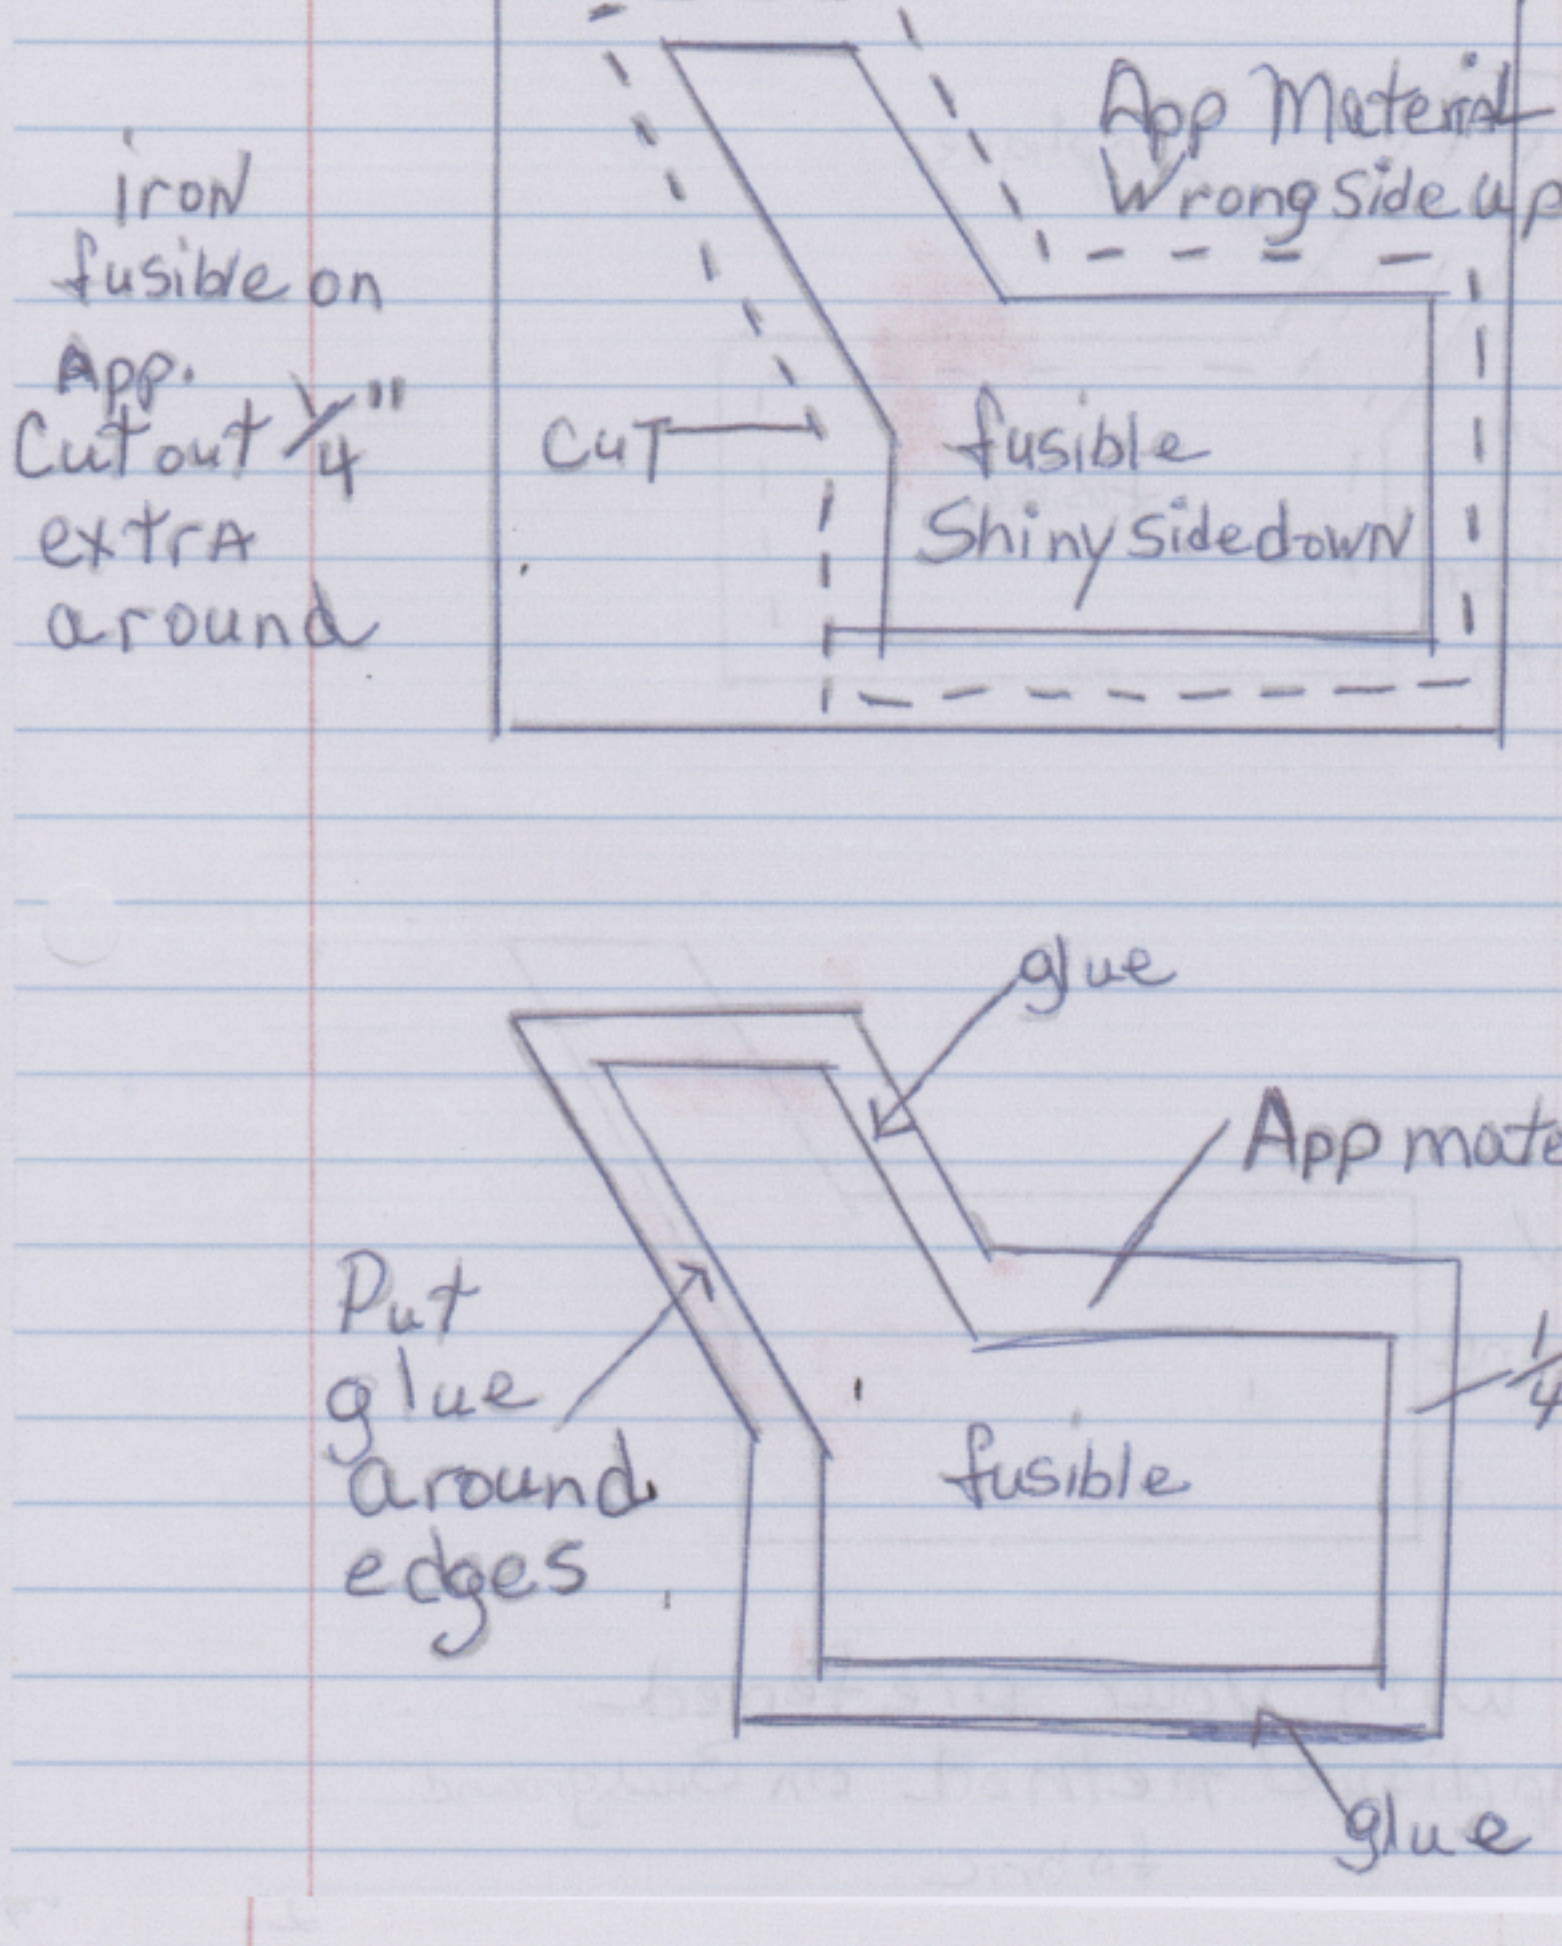

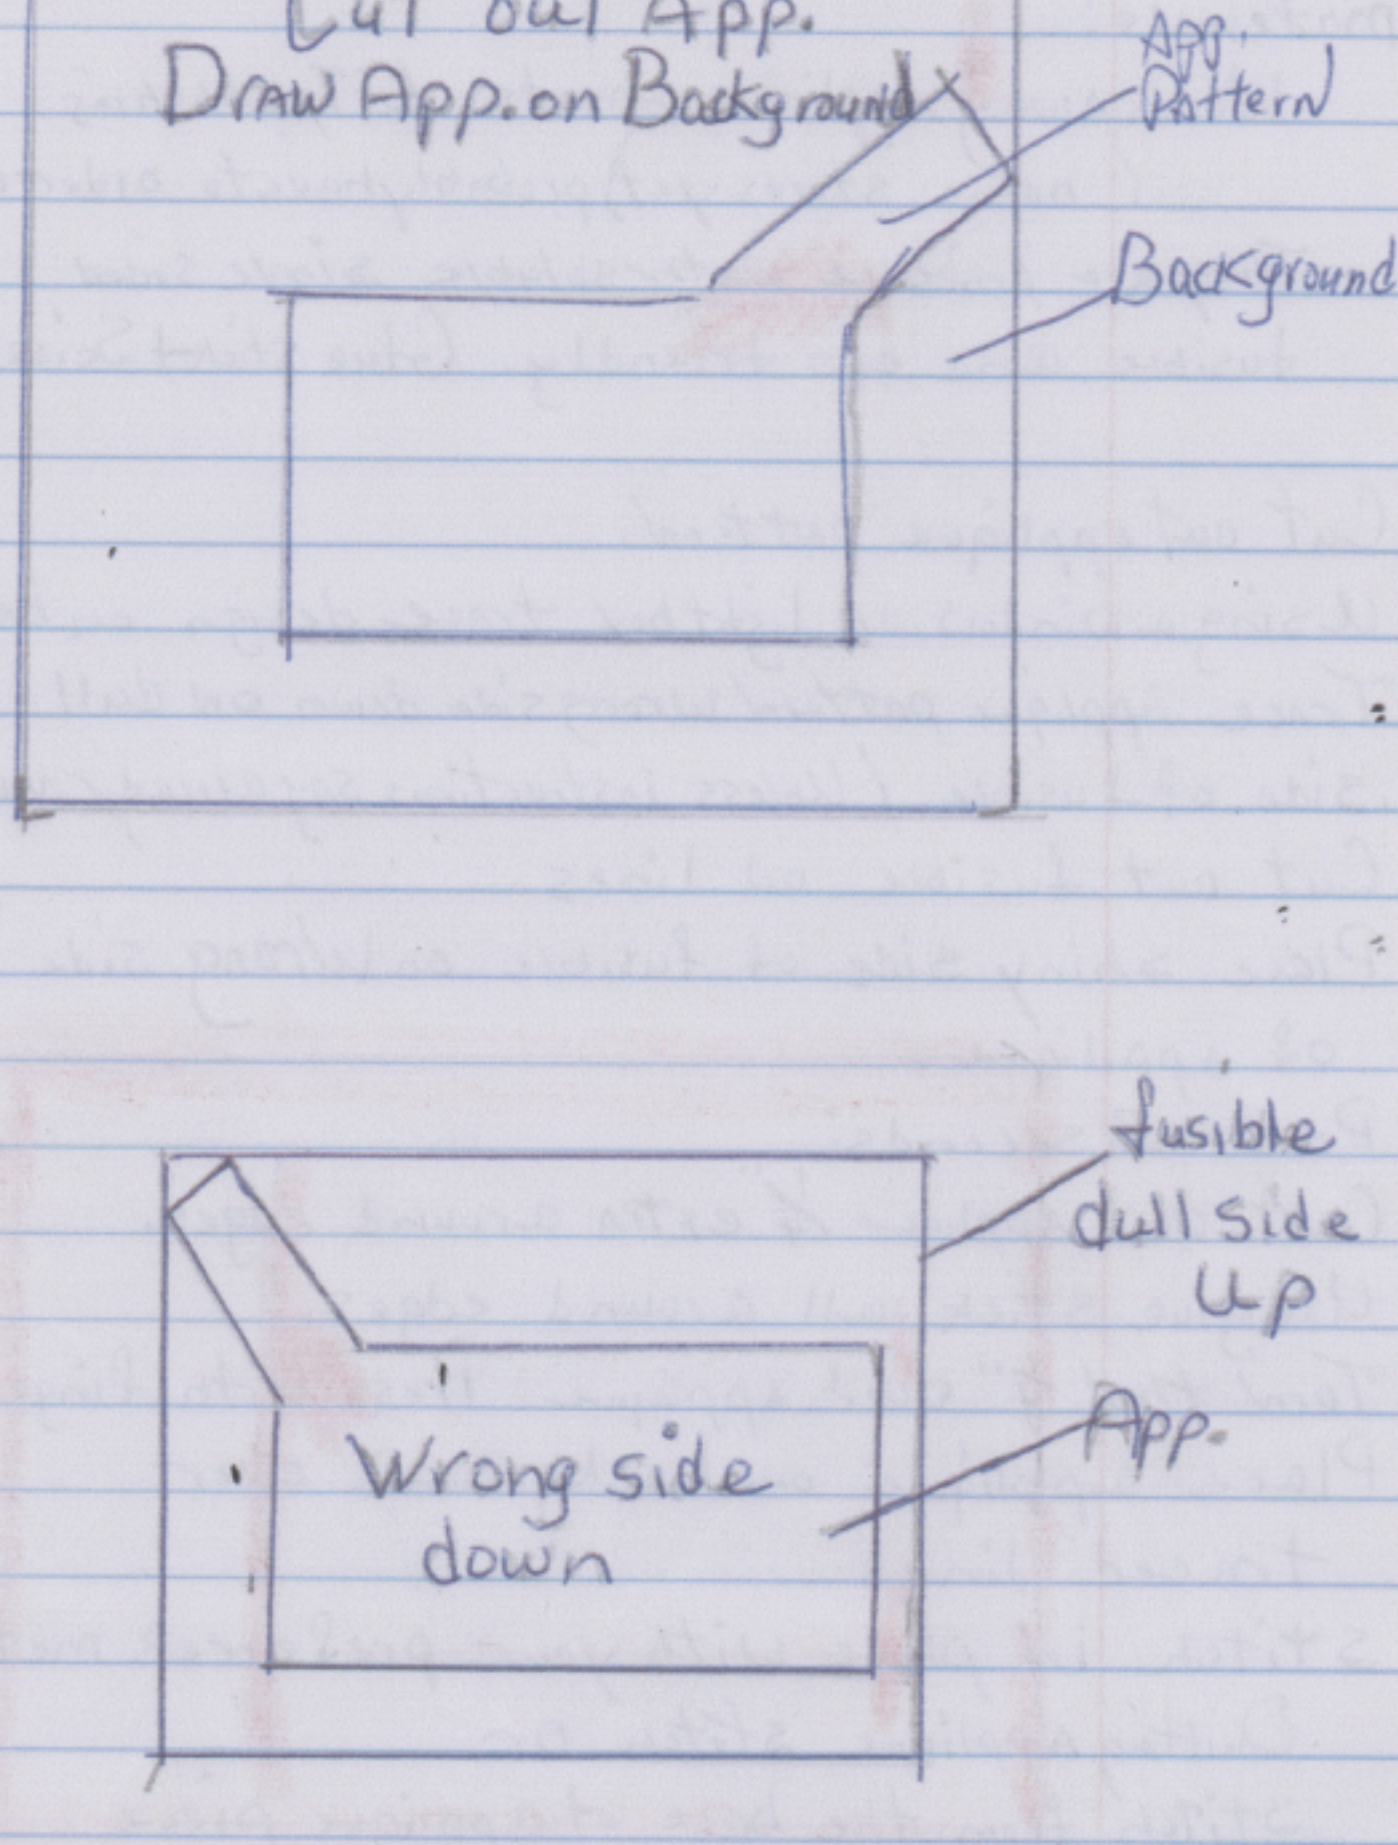

(not in stores yet) probably have to order online

They are printable water soluble single sided

fusible and eco friendly. Glue stick Scissors

1. Cut out applique pattern.
2. Using a window or lightbox trace design on background
3. Trace Applique pattern wrong side down on dull side of fusible. (Unless instructions say already reversed)
4. Cut out fusible on lines.
5. Place shiny side of fusible on wrong side of applique.
6. Press 3 seconds
7. Cut out applique $\frac{1}{4}$ " extra around edges.
8. Use glue stick all around edges.
9. Turn that $\frac{1}{4}$ " over applique. Press with finger.
10. Place applique on background over traced lines.
11. Stitch in place with your preferred method.
Quilting Applique stitch or
Stitch from the back of applique piece
so no stitches show on top.
